

Product no **AS09 429**

Anti-Cytokinin | Trans-zeatin riboside (for immunolocalization)

Product information

Immunogen	BSA-conjugated trans-zeatin riboside
Host	Rabbit
Clonality	Polyclonal
Purity	Total IgG. Protein G purified in PBS pH 7.4. Contains 50 % glycerol.
Format	Liquid
Quantity	200 µg
Storage	Store at -20 °C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.

Additional information | Cytokinin | Trans-zeatin riboside (for immunolocalization)

Application information

Recommended dilution	1 : 100 (IL)
Confirmed reactivity	Trans-zeatin riboside
Predicted reactivity	Trans-zeatin riboside
