Product no AS00 001-500

Anti-FVIIa | Coagulation factor VIIa (500 µg)

Product information

Immunogen Recombinant human Factor VIIa (NovoSeven®, Novo Nordisk A/S Denmark)

Host Rabbit

Clonality Polyclonal

Purity Immunogen affinity purified IgG in PBS pH 7.4.

Format Lyophilized

Quantity 500 μg

Reconstitution For reconstitution add 500 μl of sterile water

Storage Store lyophilized/reconstituted at -20 °C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them, to avoid any losses that might occur from material adhering to

the cap or sides of the tube.

Additional information No significant difference in binding to Factor VII and Factor VIIa.

Antibody is purified to total IgG fraction, followed by purification on specific FVIIa column.

Application information

Recommended dilution 1 : 15 000 (I-ELISA)

Expected | apparent 52 kDa

١W

Confirmed reactivity | Human

Predicted reactivity Primates

Not reactive in No confirmed exceptions from predicted reactivity are currently known
