

Product no **AS16 3699**

Goat anti-Human IgD (Fc specific), FITC conjugated

Product information

Immunogen	Purified human IgD,
Host	Goat
Clonality	Polyclonal
Purity	Immunogen purified goat IgG, in PBS pH 7.2.
Format	Lyophilized
Quantity	10 mg
Reconstitution	For reconstitution add 1 ml of sterile water, Let it stand 30 minutes at room temperature to dissolve, Prepare fresh working dilutions daily
Storage	Stable at 4 °C for several years. After reconstitution, the antibody is stable for one week at 4 ° and for 3-5 years if stored at -20°.

Application information

Recommended dilution	1:10-1:40, to be determined by the user
Confirmed reactivity	Human
Additional information	Inter-species cross-reactivity is normal for antibodies to immunoglobulins, and the crossreactivity of this antibody has not been tested in detail
