

Product no **AS16 3700****Goat anti-Human IgD (Fc specific), HRP conjugated****Product information**

| | |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen | Purified human IgD, |
| Host | Goat |
| Clonality | Polyclonal |
| Purity | Immunogen purified goat IgG, in PBS pH 7.2. |
| Format | Lyophilized |
| Quantity | 10 mg |
| Reconstitution | For reconstitution add 1 ml of sterile water, Let it stand 30 minutes at room temperature to dissolve, Prepare fresh working dilutions daily |
| Storage | Stable at 4 °C for several years. After reconstitution, the antibody is stable for one week at 4 ° and for 3-5 years if stored at -20 °. |

Application information

| | |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Confirmed reactivity | Human IgD |
| Additional information | Inter-species cross-reactivity is normal for antibodies to immunoglobulins, and the crossreactivity of this antibody has not been tested in detail |
