

Product no **AS10 1615****Anti-HliD | High light inducible protein****Product information**

Immunogen	Synthetic peptide (amino acids 15-30) derived from <i>Synechocystis</i> sp. PCC 6803 HliD protein NP_440269.1
Host	Rabbit
Clonality	Polyclonal
Purity	Serum
Format	Liquid
Quantity	100 µl
Storage	Store short-term 4°C and long term at -20°C. Repeated freezing and thawing is not recommended.
Additional information	Pre-immune serum is available to this product upon request

Application information

Recommended dilution	1 : 2000 (WB)
Expected apparent MW	5 kDa
Confirmed reactivity	<i>Synechocystis</i> sp. PCC 6803
Predicted reactivity	According to sequence analysis antibody may react with homologous Hli protein(-s) from <i>Anabaena</i> , <i>Thermosynechococcus</i> , <i>Gloeobacter</i> , <i>Prochlorococcus</i> , <i>Synechococcus</i> and <i>Crocospaera</i> .
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
