

Product no **AS05 067****POR | Protochlorophyllide oxidoreductase****Product information**

Immunogen	Native wheat POR protein isolated from a gel piece
Host	Rabbit
Clonality	Polyclonal
Purity	Serum
Format	Lyophilized
Quantity	50 µl
Reconstitution	For reconstitution add 50 µl of sterile water
Storage	Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.

Application information

Recommended dilution	1 : 500 (IL), 1 : 2000 (WB)
Expected apparent MW	36-37 kDa (<i>Arabidopsis thaliana</i>)
Confirmed reactivity	<i>Arabidopsis thaliana</i> , <i>Cyanobacteria</i> , <i>Hordeum vulgare</i> , <i>Nicotiana tabacum</i> , <i>Oryza sativa</i> , <i>Phalenopsis Sogo Yukidian cultivar V3</i> , <i>Pinus yunnanensis</i> , <i>Pisum sativum</i> , <i>Triticum aestivum</i>
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
Additional information	POR is present in high amounts in chloroplasts not exposed to light (etioplasts),
