Product no **IMS06-060-315**

FN | Fibronectin, Biotin conjugated

Product information

Immunogen	Purified, full length native protein UniProt: P02751
Host	Chicken
Clonality	Polyclonal
Purity	Affinity purified IgY
Format	Liquid in 0.15M sodium chloride, 0.02M sodium phosphate, 0.1% sodium azide, pH 7.2
Quantity	100 µl (1 mg/ml)
Storage	Store at 4 °C; make aliquots to avoid working with a stock. Please, remember to spin tubes briefly prior to opening them to avoid any losses that might occur from liquid material adhering to the cap or sides of the tubes.
Additional information	Affinity purified IgY on human fibronectin agarose

Application information

Recommended dilution	1 : 5 000 (WB)
Expected apparent MW	263 kDa
Confirmed reactivity	Human
Predicted reactivity	Bovine, Mouse
Not reactive in	No confirmed exceptions from predicted reactivity are currently known.
Additional information	Before labelling: only one precipitin arc in immunodiffusion against normal human serum or human fibronectin. Only one precipitin arc in immunoelectrophoresis against normal human serum or human fibronectin. Specific in immunoblotting against human fibronectin.
