

Product no **AS10 916**

Rabbit purified IgG (10 mg)

Product information

Host | Rabbit

Purity | Total IgG. Protein A purified IgG in 10 mM Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2. Contains 0.05 % sodium azide.

Format | Liquid, 0.2 µm filtered.

Quantity | 10 mg

Storage | Store at 2-8°C.

Additional information | Rabbit IgG is provided in 10 mM sodium phosphate, 0.15 M sodium chloride, pH 7.2. 0.05 % sodium azide is added as preservative. Concentration is 11.4 mg/ml. Purity > 95 % based on SDS-PAGE

Antibody is suitable as a blocking reagent or a control.

Application information

Recommended dilution | The optimal dilution has to be determined by end user.
