Product no **AS17 4117**

Nucleomorph HLIP | Nucleomorph high-light induced protein

Product information

Immunogen	KLH-conjugated peptide derived from N-terminal sequence of nucleomorph protein.
Host	Rabbit
Clonality	Polyclonal
Purity	Serum
Format	Lyophilized
Quantity	50 µl
Reconstitution	For reconstitution add 50 µl of sterile water.
Storage	Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please, remember to spin tubes briefly prior to opening them to avoid any losses that might occur from lyophilized material adhering to the cap or sides of the tubes.

Application information

Recommended dilution	1 : 1000 (WB)
Expected apparent MW	13 kDa
Confirmed reactivity	<i>Guillardia theta</i>
Predicted reactivity	Algae, Cryptophyte Species of your interest not listed? Contact us
Additional information	This antibody can be used as a marker of nucleomorph in fractionation studies. For high resolution images, please visit the specific product page at www.agrisera.com
