Product no **AS03 031-1ml**

## mPGES-1 glutathione dependent prostaglandin E synthase (1ml)

### Product information

<b>Immunogen</b>	Recombinant human purified 6-His mPGES-1 <a href="#">Q14684</a>
<b>Host</b>	Rabbit
<b>Clonality</b>	Polyclonal
<b>Purity</b>	Serum
<b>Format</b>	Lyophilized
<b>Quantity</b>	1 ml
<b>Reconstitution</b>	For reconstitution add 1 ml of sterile water.
<b>Storage</b>	Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please, remember to spin tubes briefly prior to opening them to avoid any losses that might occur from lyophilized material adhering to the cap or sides of the tubes.
<b>Additional information</b>	In our hands this antibody works with fresh frozen sections not in paraffin embedded material in IHCmPGES-1 antibody was characterized using spleen tissue from LPS-induced mPGES-1 knock-out and wild type mice. In spleen tissue from wt mice we observed strong positive staining in macrophage-like cells, while there was no staining for mPGES-1 in ko mice.

### Application information

<b>Recommended dilution</b>	1 : 10 000, human and rat samples (WB) 1 :6 000 on mice samples and in sheep seminal vesicles (IHC)
<b>Expected   apparent MW</b>	17 kDa
<b>Confirmed reactivity</b>	Human, Mouse, Rat, sheep
<b>Predicted reactivity</b>	Dog, Hamster, Horse
<b>Not reactive in</b>	No confirmed exceptions from predicted reactivity are currently known.
<b>Additional information</b>	Antibody is only recognizing mPGES1 not mPGES2 or cPGES. For high resolution images, please visit the specific product page at <a href="http://www.agrisera.com">www.agrisera.com</a>
