

Product no **AS13 2639****Anti-ABF3 | Abscisic acid-insensitive 5-like 6****Product information****Immunogen** | KLH-conjugated synthetic peptide derived from *Arabidopsis thaliana* UniProt: Q9M7Q3 , TAIR: At4g34000**Host** | Rabbit**Clonality** | Polyclonal**Purity** | Immunogen affinity purified serum in PBS pH 7.4.**Format** | Lyophilized**Quantity** | 50 µg**Reconstitution** | for reconstitution add 50 µl, of sterile water**Storage** | Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.**Additional information** | Antibody is detecting recombinant ABF3. For detection in endogenous sample, nuclear fraction should be used. Min. load: 50 µg/well.**Application information****Recommended dilution** | 1 : 5000 (WB) for recombinant ABF3 detection**Expected | apparent MW** | 49.67 kDa**Confirmed reactivity** | *Arabidopsis thaliana***Predicted reactivity** | *Arabidopsis thaliana***Not reactive in** | No confirmed exceptions from predicted reactivity are currently known
