

Product no **AS19 4277****Anti-ATG7 | Autophagy-related protein 7****Product information**

Immunogen	Recombinant ATG7 of <i>Arabidopsis thaliana</i> , UniProt: Q94CD5-1 , TAIR: At5g45900 , overexpressed in <i>E.coli</i> , collected in inclusion bodies, which were solubilized before immunization
Host	Rabbit
Clonality	Polyclonal
Purity	Serum
Format	Lyophilized
Quantity	50 µl
Reconstitution	For reconstitution add 50 µl, of sterile water
Storage	Store lyophilized/reconstituted at -20°C (short term, months) or at -80°C (long term, years); once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.

Additional information | Protein name was changed from APG7 to ATG7 after [Doelling](#) paper was published.

Application information

Recommended dilution	1 : 3000 (WB)
Expected apparent MW	76.5 75 kDa
Confirmed reactivity	<i>Arabidopsis thaliana</i>
Predicted reactivity	<i>Brassica rapa</i> , <i>Capsella rubella</i> , <i>Citrus clementina</i> , <i>Noccaea caerulescens</i>
	Species of your interest not listed? Contact us
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
