

Product no **AS15 3081****Anti-LhcSR1 (Physcomitrella patens)****Product information**

Immunogen	Recombinant LHCSR of <i>Physcomitrella patens</i> , overexpressed in <i>E.coli</i> , UniProt: A9TED6 and Pp1s213_80V6 (phytozome)
Host	Rabbit
Clonality	Polyclonal
Purity	Serum
Format	Lyophilized
Quantity	50 µl
Reconstitution	For reconstitution add 50 µl of sterile water
Storage	Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.
Additional information	This product can be sold containing ProClin if requested.

Application information

Recommended dilution	1 : 1000-1 : 10 000 (WB)
Expected apparent MW	23 kDa
Confirmed reactivity	<i>Physcomitrium patens</i>
Predicted reactivity	<i>Chlorella variabilis</i> , <i>Volvox carteri</i> Species of your interest not listed? Contact us
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
