## Product no AS20 4479 Anti-LUC | Luciferase (IgG fraction)

## **Product information**

Immunogen	Purified Luciferase from <i>Photinus pyralis,</i> UniProt: <u>P08659</u>	
Host	Rabbit	
Clonality	Polyclonal	
Purity	Purified total IgG fraction.	
Format	Lyophilized in PBS pH 7.4. No preservative added	
Quantity	10 mg	
Reconstitution	For reconstitution add 1 ml of sterile destilled water.	
Storage	Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please, remember to spin tubes briefly prior to opening them to avoid any losses that might occur from lyophilized material adhering to the cap or sides of the tubes. Working dilutions should be stored at +4°C, not refrozen, and preferably used the same day. If a slight precipitation occurs upon storage, this should be removed by centrifugation. It will not affect the performance of the product.	

## **Application information**

Recommended dilution	Assay dependent
Expected   apparent MW	60.74 kDa
Confirmed reactivity	Luciferase from Photinus pyralis
Additional information	Cross-reactivities against enzymes of other sources may occur but have not been determined.
