

Product no **AS15 3039****Anti-MBP | Maltose Binding Protein (polyclonal)****Product information****Immunogen** | MBP epitope tag recombinant protein**Host** | Rabbit**Clonality** | Polyclonal**Purity** | Immunogen affinity purified in PBS, pH 7.4. Contains 0.055% sodium azide.**Format** | Liquid**Quantity** | 100 µg**Storage** | Store at -20 °C for up to 1 year, Make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.**Additional information** | Exact working dilution needs to be determined by end user**Application information****Recommended dilution** | 1 : 1000 (WB)**Confirmed reactivity** | MBP maltose binding protein epitope tag**Not reactive in** | No confirmed exceptions from predicted reactivity are currently known
