

Product no **AS16 3145-1ml****MerA | Mercuric Ion Reductase (clone 10A9)****Product information**

Immunogen	Bacterial enzyme MerA
Host	Mouse
Clonality	Monoclonal
Purity	Cell culture supernatant.
Format	Liquid
Quantity	1 ml
Storage	Store at -80 °C. Make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.
Additional information	Exact working dilution needs to be determined by end user. This antibody recognizes Mercuric ion reductase of MerA.

Application information

Expected apparent MW	
Confirmed reactivity	Eubacteria
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
