

Product no **AS21 4618****Anti-Phosphotyrosine Purified (mouse monoclonal) (clone P-Tyr-01)****Product information**

|                               |  |
|-------------------------------|--|
| <b>Immunogen</b>              | BSA-conjugated phosphotyrosine   |
| <b>Host</b>                   | Mouse  |
| <b>Clonality</b>              | Monoclonal   |
| <b>Subclass/isotype</b>       | IgG1   |
| <b>Purity</b>                 | Immunoglobulin purified on Protein A.  |
| <b>Format</b>                 | Liquid at 1 mg/ml.   |
| <b>Quantity</b>               | 0.1 mg   |
| <b>Storage</b>                | Store at 2-8°C. Do not freeze. Do not use after expiration date stamped on the label. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube. |
| <b>Additional information</b> | This antibody detects tyrosine phosphorylation in activated cells  |

**Application information**

|                             |                                |
|-----------------------------|--------------------------------|
| <b>Recommended dilution</b> | 2-5 µg/ml (FC), 1-2 µg/ml (WB) |
| <b>Confirmed reactivity</b> | Species independent            |
