Product no AS20 4502

## Anti-Phy | Phytochrome (clone Pea-25)

## **Product information**

Immunogen Phytochrome

Host Mouse

Clonality Monoclonal

Subclass/isotype | IgG

Purity Immunoglobulin Protein G purified, in PBS pH 7.4, 150 mM NaCl, 0.05 % of sodium azide.

Format Liquid

Quantity 100 μg

Storage Store at -20°C; Avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to

avoid any losses that might occur from material adhering to the cap or sides of the tube.

## **Application information**

Recommended dilution assay dependent

Expected | apparent

124 kDa

Confirmed reactivity Avena sativa, Pisum sativum

**Predicted reactivity** graminae, fabaceae

Species of your interest not listed? Contact us

Not reactive in No confirmed exceptions from predicted reactivity are currently known

Additional information | Epitope recognized by this antibody is located at 85 kDa from N-terminus and is highly conserved (no

photo-conversion)
