Product no AS05 093

Anti-PrxQ | Peroxiredoxin, thioredoxin reductase

Product information

Immunogen	His-tagged full length protein (with presequence) of <i>Arabidopsis thaliana</i> was overexpressed in <i>E.coli</i> . Isolated with HiTrap column (GE Healthcare) Q9LU86 , At3g26060
Host	Rabbit
Clonality	Polyclonal
Purity	Serum
Format	Lyophilized
Quantity	200 µl
Reconstitution	For reconstitution add 200 µl of sterile water
Storage	Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.
Additional information	This product can be sold containing proclin if requested

Application information

Recommended dilution	1 : 5000 (WB)
Expected apparent MW	16 kDa
Confirmed reactivity	<i>Arabidopsis thaliana, Manihot esculenta, Spinacia oleracea, Zea mays</i>
Predicted reactivity	<i>Marchantia polymorpha, Populus sp. , Triticum aestivum, Oryza sativa</i> Species of your interest not listed? Contact us
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
Additional information	In stroma fractions a weak background reaction at 28 kDa is visible, No crossreactivity in any thylakoid fractions
