

Product no **AS16 3236-1ml****Rhamnogalacturanan-Ic (clone CCRC-M23)****Product information**

| | |
|-------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen | cBSA-conjugated wine rhamnogalacturanan-II |
| Host | Mouse |
| Clonality | Monoclonal |
| Subclass/isotype | IgG1 |
| Purity | Cell culture supernatant. |
| Format | Liquid |
| Quantity | 1 ml |
| Storage | Antibody can be stored up to 1 month at 4°C, and at -80°C for up to 1 year. Make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube. |
| Additional information | Exact working dilution needs to be determined by end user |

Application information

| | |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Recommended dilution | Undiluted or at 1 : 10 (ELISA), (IF), (IHC) |
| Confirmed reactivity | <i>Arabidopsis thaliana</i> , <i>Beta vulgaris</i> , <i>Glycine max</i> |
| Predicted reactivity | Species of your interest not listed? Contact us |
| Not reactive in | No confirmed exceptions from predicted reactivity are currently known |
