

Product no **AS10 1584**

Anti-TAK1 | serine/threonine protein kinase

Product information

Immunogen	Recombinant serine/threonine protein kinase from <i>Arabidopsis thaliana</i> , TAIR: At4g02630 , UniProt: Q22764 .
Host	Rabbit
Clonality	Polyclonal
Purity	Serum
Format	Liquid
Quantity	50 µl
Storage	Store at short-term 4°C, long-term -20°. Repeated freezing and thawing is not recommended. Contains 0.01% sodium azide.

Application information

Recommended dilution	1 : 1000 (WB)
Expected apparent MW	54.7 56 kDa
Confirmed reactivity	<i>Arabidopsis thaliana</i>
Predicted reactivity	<i>Oryza sativa</i> , <i>Zea mays</i> , <i>Physcomitrium patens</i> , <i>Populus trichocarpa</i> , <i>Ricinus communis</i> , <i>Sorghum bicolor</i> , <i>Vitis vinifera</i> Species of your interest not listed? Contact us
Not reactive in	No confirmed exceptions from predicted reactivity are currently known
