

Product no **AS20 4470**

Anti-Staphylococcal Protein A, agarose-conjugated

Product information

| | |
|------------------|---|
| Immunogen | Recombinant Protein A |
| Host | Chicken |
| Clonality | Polyclonal |
| Purity | Immunogen affinity purified in PBS pH 7.2. Contains 0.075% sodium azide, coupled to immunoprecipiation gel. |
| Format | Liquid |
| Quantity | 2 ml bed volume |
| Storage | Store at +4-8°C. Do not freeze. |

Additional information | Antibodies were isolated from immune eggs, affinity purified on a protein A column and conjugated to N-hydroxysuccinimide (NHS)-activated agarose beads, Beads were washed extensively with after the blocking of the residual NHS sites

Application information

Confirmed reactivity | Protein A from *Staphylococcus aureus*

Additional information | The specific activity of the anti-protein A-agarose was determined, For this lot, 1,1 mg protein A bound per ml agarose
