

Product no **AS20 4470**

## Anti-Staphylococcal Protein A, agarose-conjugated

### Product information

**Immunogen** | Recombinant Protein A

**Host** | Chicken

**Clonality** | Polyclonal

**Purity** | Immunogen affinity purified in PBS pH 7.2. Contains 0.075% sodium azide, coupled to immunoprecipiation gel.

**Format** | Liquid

**Quantity** | 2 ml bed volume

**Storage** | Store at +4-8°C. Do not freeze.

**Additional information** | Antibodies were isolated from immune eggs, affinity purified on a protein A column and conjugated to N-hydroxysuccinimide (NHS)-activated agarose beads, Beads were washed extensively with after the blocking of the residual NHS sites

### Application information

**Confirmed reactivity** | Protein A from *Staphylococcus aureus*

**Additional information** | The specific activity of the anti-protein A-agarose was determined, For this lot, 1,1 mg protein A bound per ml agarose
